

WTA SYMBOLS & SLOGANS POLICY

Effective as of October 1, 2024

In order to provide a neutral and respectful environment during tournaments for all participants and in accordance with the clothing and equipment requirements in the Rulebook, the display of any symbol or slogan (name, mark, logo, illustration, URL, message or statement) that is associated with, or intended to be associated with, a charity, cause, movement, or political party is not permitted on players, their clothing, or equipment (including written, attached, affixed, embroidered, or otherwise displayed) prior to, during, or after playing a match at WTA Tournaments, unless part of an official WTA-supported initiative or campaign (e.g., Tennis Plays for Peace ribbons).

The Policy relates only to player appearances on court and within the court vicinity (including any areas within the court vicinity that may be recording broadcast footage such as the warm-up area and player tunnel), as well as press conferences, interviews, tournament ceremonies, and WTA content capture.

Players may continue to express their support for charities, causes, movements, and political parties at other times (e.g., verbally, outside of WTA Tournaments, and on their social platforms).

Should a player or Tournament wish to bring greater awareness to a particular charity or cause, they may submit a request for it to be considered as an official WTA-supported initiative which would allow players to wear appropriate symbols of support on court. Requests may be submitted to Ashley Keber at akeber@wtatennis.com. These will be considered by the Players' and Tournament Councils and Tour Board with input from WTA Foundation.

Section VII.C.4. of the WTA Official Rulebook will apply to violations of this Policy.
